

# POWERMATE P2 APP Set-up

Version 2.1

## 1. Download & Install "POWERMATE P2" APP on your cellphone

powermate smart hub

powermate

powermate APP

- (1) Search for "POWERMATE P2" on the App Store or Google play
- (2) Download "POWERMATE P2" and install the APP on your phone

## 2. Register and login to the POWERMATE P2 APP

- (1) When installation is complete open POWERMATE P2
- (2) Create an account using your e-mail address – enter a password that should include letters and numbers only, no signs or special characters
- (3) Login in to your account (after the account is established you will login to the APP directly)

## 3. Link the POWERMATE hub to the POWERMATE P2 APP

- (1) Choose "Add device" on desktop

- (2) Choose POWERMATE Smart Hub

- (3) Choose "Allone Pro"

- (4) Power on the POWERMATE hub

- (5) Press and hold the central button on the hub until the circular light turns RED and Flashes

- (6) Choose "Next" on the POWERMATE P2 APP

- (7) Choose "Join" to enable the hub to access your Wi-Fi network  
Tip: Make sure your network is available, not restricted to assure access

- (8) Select your Wi-Fi network and input your Wi-Fi password

- (9) The POWERMATE hub will connect to your Wi-Fi network automatically. When you see "Added successfully" on the POWERMATE P2 APP, choose "Done"

- (10) The APP is linked to the POWERMATE hub when Allone Pro appears on the desktop

## 4. Add your shades to the POWERMATE P2 APP

- (1) Choose "Allone Pro" on the APP desktop

- (2) Choose "+ Add" at the menus bottom right corner

- (3) Choose "Motor" device

- (4) Now press the "programming button" on motor head for 1 second - the shade will oscillate one time. Then tap "pairing" on POWERMATE P2 APP. If the shade is successfully added to the APP, the shade will oscillate one more time.  
*If not, repeat the step 4 operation.*

- (5) Choose "Response has been stored" when the shade is successfully added to APP.

- (6) The shade has been added to the POWERMATE P2 APP. Confirm that you can now control the shade using the APP, and then proceed to add additional shades if applicable.

## 5. Family “Member Permission” management

Note that the set-up account is the one and only administrator – only the administrator's login can make changes to the APP. However, the administration account can add family members with their own ID, and they can then control the shades from their phones or tablets.

(1) Choose “Me” on the POWERMATE P2 desktop, and then Select “family Management” menu

(2) Choose “Member Permission”

(3) Tap “+” family members at the top right corner of the screen

(4) Input your family “Account e-mail address” then go to bottom, send an invitation to your family member

(5) When your family member receives and accepts the invitation, the Administration account shows the family QR Code that the family member will scan. The family member taps “+” at the top right corner, and chooses “Add to an existing family”. Choose “scan the family’s QR code to join it”, and then scan the code on the administrators screen.

## 6. “Siri Shortcut” Voice Command Management

(1) Choose “Scenes” on the POWERMATE P2 desktop. Create a scene.

(2) Slide the “scene” icon to left, and then choose “Edit” scene

(3) Add Execution Task

(4) Choose “Device” and then select the shade you want to add to this scene

(5) Choose an “Action” for the shade you selected. Then Add to Siri.

(6) In the Add to Siri menu, you can edit the “Siri shortcut command”. For example: “open shade in bedroom”. After all tasks are set up, save the scene. Now you can let Siri control your shades.

## 7. Link to “Amazon Alexa” & “Google home” voice control device

(1) Login in your “Amazon Alexa” or “Google home” APP

(2) “Amazon Alexa” add “Skills & Games” “Google Home” add “Home control”

(3) Search “powermate”

(4) Choose “ENABLE TO USE”

(5) Input your “powermate p2” account and password, then sign in. Now Powermate had been linked to your “Alexa” or “Google Home” voice control device.
