Cellular Shade Light Control Options

Opciones de control de la luz para persianas celulares

Sheer

Allows the most sunlight and the least privacy.

Transparente

Permite que ingrese la mayor cantidad de luz y brinda menos privacidad.

Light Filtering

Allows some sunlight with some privacy. Note: Darker colors may offer more privacy than lighter colors.

Filtrado de la luz

Permite algo de luz y privacidad (los colores más oscuros pueden ofrecer mayor privacidad que los colores más claros.)

Blackout

Blocks out all sunlight, while offering complete privacy.

Bloqueo completo de la luz

Bloquea toda la luz del día y brinda privacidad completa.

Cellular Shade Cell Sizes

Premium cellular shade fabrics are crafted in four cell sizes.

Unique honeycomb cells trap and hold both heat and cold air leaking through your windows, increasing your comfort—as well as your home's insulation—all year round.

Tamaños de celda de la persiana celular

Las telas premium de la persiana celular se fabrican en cuatro tamaños de celda.

El diseño único de panel de celda atrapa y conserva el calor y la frescura que se cuelan por sus ventanas, lo que incrementa su comodidad y el aislamiento de su hogar durante todo el año.

Fabric colors may vary slightly from the samples shown. While we maintain strict standards to control variations, color may shift slightly from dye lot to dye lot. To reduce the possibility of dye-lot variation, please order all shades for the same room at the same time. Also, please note that fabric color may appear to vary depending on the time of day, lighting, and shade position.

Los colores de la tela pueden variar ligeramente respecto de las muestras. Si bien mantenemos estrictos estándares para controlar las variaciones, los colores pueden cambiar ligeramente con cada lote de tintura. Para reducir la posibilidad de variación de los lotes de tintura, pida todas las persianas para una misma habitación al mismo tiempo. Asimismo, note que el color de la tela puede aparentar variación según el momento del día, la iluminación y la posición de la persiana.

For homes with kids and pets, we recommend cordless or motorized shades for easy, safe performance. Certified Best for Kids™, these products are tested by an independent lab and verified as safe for use in homes with young children.

Para los hogares con niños y mascotas, recomendamos las persianas sin cordón o motorizadas por razones de facilidad y seguridad en el funcionamiento. Certificadas por Best for Kids, son probadas por un laboratorio independiente y verificadas como seguras para su uso en hogares con niños pequeños.
